

WE PRIDE OURSELVES IN MAKING EACH PARTNER A FRIEND

Asia Europe TCI is a company who aims to provide homestay accommodation in London for National and International students and visitors, who comes for long or short term stays.

We understand the importance of being comfortable and happy when living away from home, therefore we aim to provide safe, comfortable and welcoming families who enjoy receiving students and visitors. London has a multicultural nature which is a part of the English culture.

A home stay experience also has the potential to bring out intercultural awareness and mutual understanding of various cultures which will benefit both host families and students. Host families mission is to encourage the development of mutual awareness among people from different nations. This is made possible through their hospitality and their welcoming into their families. They also help the students to practice their English language and they provide a safe and homely environment for students and visitors.

Homestay accommodation is not just restricted to international students or young professionals; **it is suitable for anyone coming to London.**

The Family will provide accommodation and meals as requested. **Rooms are cleaned and bed linen and towels changed at least once a week.** The student will be provided with his/her own house key and the Family will be happy to give advice as well as to take an interest in the student's well-being.

Students will not be placed in the same homestay as others of the same mother-tongue, except by special request. English is always the main language spoken in the home.

Families live usually off central London as much of central London is commercial and not residential. Zones 4 and 5 often offer more spacious accommodation in a less crowded area. The London transport system is very convenient and if you use the Underground, traveling from zones 4 and 5 will only take a few minutes longer.

We take the utmost care in ensuring that we meet all student's requirements.

All the families are visited and chosen accordingly with British Council guidelines.
